

## Observation 0: 3. Organic Allowance

### Dream Culture

#### Problem

##### Cause

His behaviour is limited by certain rulings that are causing inorganic behaviour leading to his decision to endure death to stay unseen in his Dream Suit because no one knows better or won't believe that there is a possibility of living without it here in the Debra Loop.

##### Result

Decaying unseen and unable to be a part of a real community again, because everyone in his community is now living as if in a dream with Dream Gear, no longer knowing the value of just remaining organically present.
