Collection 3: Organic Allowance

Time Freedom

Amount: Presence: Present High

Explanation

High amounts of time freedom in the area. Limitations are garbage trucks, mail, and work.

Amount:

Amount:

Presence:

Systemic Freedom

High Present

Explantion There is not much systemic constraint here in this

either.

area. Although, there is no public transportation

Presence:

Community Freedom

Medium Present **Explanation**

Some suffer environmental displacement, needing

other communities, while others have a good

is very welcoming and there are stores within

amount of community freedom. The community

walking and bicycling distance.

Relief Resources Freedom Amount: Presence:

Not Present N/A

Explanation

There are no public relief resources available here. Everyone has to go through the front end of having relief resources through Government Benefits. Most resources are given to the wildlife out of generocity. Raccoons do say they feel like

they could use buttons to say that they need

Presence: Amount:

Movement Freedom

something if they were there.

Medium Present **Explanation**

There isn't freedom to travel all the way into

town, unless you have access to a car. There is a

school bus, but no transportation for adults that's public. Must walk or ride a bike or motor vehicle.

Presence:

Present

Explanation

Migration Freedom

Amount:

Low

Must have a financial income high enough to gain ability to migrate. Wildlife does migrate but it is dangerous because of cars and the lack of available food resources in the Conservation or park zones. They feel they must compete with humans or primate people for some foods, getting

Spatial Freedom Presence: Amount: Low Present

The forest area is crammed. The housing for the

free space, a hard lesson for them to learn.

animals isn't as available in the canopy as it needs

stolen from them where available for them to eat.

to be. There's nowhere to lay up there for some of the bigger mammals. Then the human zones are forbidden for some of the wildlife. Roads are not

Explanation

Thought Freedom Amount: Presence: Medium Present

Low nutrition in the area doesn't allow for much

Vocal Freedom

Presence:

Present

thought freedom.

Explanation

Explanation High ability to be vocal, must be done in a

peaceful manner from humans and animals or

animal control or law officers will take them in.

High

High

Presence:

Explanation

Present

Behavioural Freedom

High level of freedom behaviourally, although there are some places where this has been a struggle.

Independence Freedom Presence:

Present

Explanation Limitation is the lack of public transport access for humans, lack of safety for indoor animals, and starvation risks for the wild.

Rest Freedom

Presence:

Medium Present **Explanation**

Boats, jet skis, guns, cannons, airplanes, cars, and violent sex have been the main issues here

causing rest to be lower.

Sleep Freedom Presence: Amount:

Medium

Explanation

Present

Same issues as rest freedom. Some people are getting their hair dyed in the night against their knowledge, being sedated somehow. This seems to be going, but otherwise the risk of poachers, hunters, or dangers of the like have made sleep lower for some here.
