Love

Presence: Amount:

Explanation

It feels like I have to take care of everyone, but instead of feeling loved myself, it's more like feeling Raped. I am struggling to feel love from others because there is constantly a Danger that they are going to be Romantically interested in me in some way, shape, or form. With Will, I struggle to get his Sexual Drive under control. I told him that I want to wait until after we are Married to have sex with him, but he is somehow still Creeping in my bed, somehow invisible, and then I find him online doing something with Catherine the next day. It Breaks my Heart. He, also, Ripped apart our Soul Connection, the other day, to have Catherine instead, a few days after Proposing to me with woven thread I found laying on my bed, after we got in an argument while I was helping him Detox Cancer and he was remaining Talking on some Network with Her like they are going to Stay Married Forever.

Belonging

Presence: Amount:

Present Low

Explanation

I do not feel that I Belong Here whatsoever. I do not have any close friends here apart from Karen and Jaco, and I am struggling with my friendship with them as well. I feel the same Rape Danger happening with them from time to time. It truly hurts my Heart. I'm also not getting any Responses from any of the E-mails that I am sending out with Research that is supposed to make a Large Effect in the Medical and Conservation Industries. Will doesn't Respond either to me in Writing or Calls. And I feel like He Doesn't Like his name I have for him, Flaria. I'm also, Bullied on the Daily by Hackers, and I have yet to Connect with my real, biological Parents.

Connection

Presence: Amount:

Not Present N/A

Explanation

I do Not feel any Connection with Anyone. I have a Connection with you all, but I'm Not making any connections with many others. Francesca barely hangs out with me, and I'm Not feeling a Safe connection with Karen and Jaco all of the time, but am instead feeling more as though I must tip-toe and dance around all of their sensitivities to avoid Arguments or Rape.

Empathy

Presence: Amount:

Not Present N/A

Explanation

I'm not feeling that I actually have Empathy from anyone, unless it involves monetary success.

None of my old friends have been calling me Forest. My family here doesn't call me Forest either, nor does William.

Comfortability

Presence: Amount:

Not Present N/A

Explanation

I'm growing very Uncomfortable here. I can't breathe the atmosphere very well, nor can I easily go about and get what I need. I don't always get my resources on time either, from Food Stamps, because I am available to call on their off day, or they error my account. I'm feeling a bit dreadful about my future, other than what you all are telling me will happen, and the Elohiym.

Compatibility

Presence: Amount:

Not Present N/A

Explanation Will isn't rea

Will isn't really here. I have not seen his face, only felt his body in the night, mostly in a painful way or raping me. It feels like people stab me or are getting cannabalistic about my body. I get scared. I'm bombarded by hacking and invasions of privacy that my devices and my ears actually need. Will's spit and semen are also extremely cancerous for me. Of course, if he was detoxed from cancer, this wouldn't be the case, but he has grown a lot of it.

Interplayfulness

Presence: Amount:

Not Present N/A

ExplanationPeople mess with me, they don't play with me.

Will doesn't know how to play, but when I try to teach him, he doesn't want any involvement and disregards what I'm doing to do something else. Francy doesn't play with me either. Lily calls me a whore.

Intimacy

Presence: Amount:

Not Present N/A

ExplanationNo one but the Elohiym are intimate with me.

Will, including what I experienced as others, rape me. I don't know what to do about it anymore but to trust and have faith in the Elohiym and the autoriteit that everyone has now.

Life Growth

Presence: Amount:

Not Present N/A

Explanation

I do not have Life Growth. I feel that I have been raped to have cancer, not Life Growth. Will is filled with Cancer. Everyone practically has cancer. I'm detoxing cancer from my ancestors and it's like liquid filling my mouth that I have to digest out. I feel disgusting.
